FEATURES: ROLF SACHS EXCLUSIVE • OUTDOOR FURNITURE SPREAD • INDUCTION FOR YOUR KITCHEN

Savoir Faire

It's not everyday that one stumbles upon a quaint store filled with old world charm and stylish eccentricities during the search for interesting homewares in Singapore, which is why we were thrilled to discover Le Article waiting patiently for discerning homeowners along Hoot Kiam road. Nestled in the midst of restored colonial shophouses, this purveyor of European furnishing offers home appointments that blend classic contemporary accents with a Parisian flair. Expect to find a well-curated assortment of chests, drawers, sofas, armchairs and home accessories from cult brands like W. H. Preston and Atelier Monceau. If you are thinking of giving your walk-in wardrobe an overhaul to make space for more Birkin bags, drop by Le Article to pick out a nice mirror or plush armchair to add some panache to your home.

For enquiries, call Le Article at 6736 0800.

Suite Summer

Aside from changing the colours on the walls, putting new sheets on the bed also helps to inject freshness into the interior setup of a master bedroom. With close to a century of experience in creating household linens in Europe, popular Italian brand Zucchi is well known for creating quality bed linen with distinctive designs. One of the largest textile groups in Italy, Zucchi recently launched its latest Spring/Summer collection here featuring a special range of bed linen with classically inspired prints enhanced with pearlescent pigment. In addition to the soft and decadent feel of the sheets, the unique pigment also glistens under the light, giving the fabric an even softer and more luxurious feel. According to the brand's designers, the seasonal colours range from coral pinks to shades of turquoise set against pearl and charcoal greys, while floral themes and paisley prints are the preferred looks for 2013. **For enquiries, Call MLC Zucchi at 6745 4698.**

MINOTTI BY DESIGN

Homeowners and design aficionados, who share Minotti's philosophy of bold and simple forms, will be glad to know that the highly-regarded Italian furnishing brand recently introduced its inaugural outdoor collection here. The Lifescape collection was designed to reflect the brand's signature timeless style and consists of the Alison Iroko seating system, Warhol Iroko armchair, Claydon table, Cortina chair, and Bellagio, Cesar and Warren occasional tables. If you already own a Minotti Williams sofa in the living room, then the Alison system will help to match the décor of your pool terrace with the interiors of your home. Head down to its monobrand showroom at Hill street to find out more. **For enquiries, call Minotti at 6338 2822.**
